

Important Notice:

Touchscreen (60-924-3-C4TS5) Compatibility with Concord 4

The 60-924-3-C4TS5 touchscreen is not compatible with Version 4.8.2 panels, make sure to check the version before install.

The Concord 4 serial number is located on the white label attached to the circuit board and always starts with “469.”

You can also check the panel version using the keypad:

- Press “9” then the master code
- Press “A” up arrow once
- System version press # once to display the factory cod 469XXXX
- Press “A” again to see the SW version 0483, 0482, 0450 etc.

Version 4.8.1 (Released August 2014) - S/N 4694092

Version 4.8.2 (Released December 2016) - S/N 4694317 - Do not use with 5” touchscreens

Version 4.8.3 (Released in March 2019) - S/N 4694589, Date Code 19065M or higher
