C-1327 Universal Mounting Plate

Channel Vision's C-1327 is a truly universal mounting plate. It is designed to accommodate third-party printed circuit boards (PCBs). The C-1327 is perfect for security, fire alarm, or automation control boards that would otherwise require an enclosure of their own. It features a PVC material that is clean, attractive and easy to screw into. By using the provided nylon standoffs and self-tapping screws, any PCB can be mounted in a matter of minutes.

C-1327

Features:

- Quick and easy installation
- Works with any printed circuit board up to 5.75" X 11.0"
- Allows third-party PCBs to mount in a structured wire enclosure
- Only a screwdriver is needed for installation. No drilling required.
