

# ON-Q Enclosure Inside Mounting Accessories

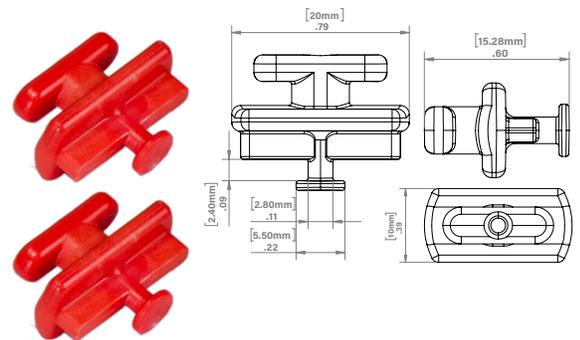

The latest in cable management and device mounting for 3<sup>rd</sup> party accessories within ON-Q enclosures. Mount devices and organize your enclosure with Forward Keyhole Post Clips and Small Device Mounting Clamps. Organize unsightly cables for a professional look and feel with the new Cable Channels. Explore the latest in ON-Q enclosure accessories below.

## FORWARD KEYHOLE POST CLIPS

### AC1051-KH

Simplify device mounting inside the ON-Q media enclosures with the Keyhole Post Clips. The Keyhole Post Clips are designed to securely mount 3rd party devices to compatible ON-Q mounting brackets. Clips can be mounted vertically to securely hang devices in place.

- Constructed of Wi-Fi transparent plastic material to maintain wireless signals within the enclosure
- Supports all devices that have built in keyholes for mounting
- Supports devices up to 3lbs per pair
- Compatible with ON-Q brackets: AC1050, AC1052-CC and AC1060

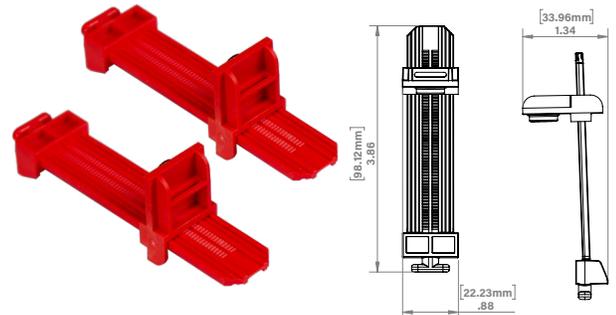

Part Number	Description
AC-1051-KH-20	Forward Keyhole Post Clips (20 Pack)
AC1051-RCKH-4	Forward Small Device Mounting Clamps & Keyhole Post Clips (4 Pack)

## FORWARD SMALL DEVICE MOUNTING CLAMPS

### AC1051-RC

Small Device Mounting Clamps for Structured Wiring Systems secure to compatible ON-Q brackets for quick and easy 3rd party device mounting. With the unique mounting design, these clips can hold a range of devices securely in place.

- Clips can be mounted horizontally or vertically to securely hold devices in place
- Constructed of Wi-Fi transparent plastic material to maintain wireless signals within the enclosure
- Supports devices up to 2.5" deep and rated at 2lbs per pair
- Clip length can be trimmed after installation to ensure no interference with covers, doors, or additional devices
- Compatible with ON-Q brackets: AC1050, AC1052-CC and AC1060

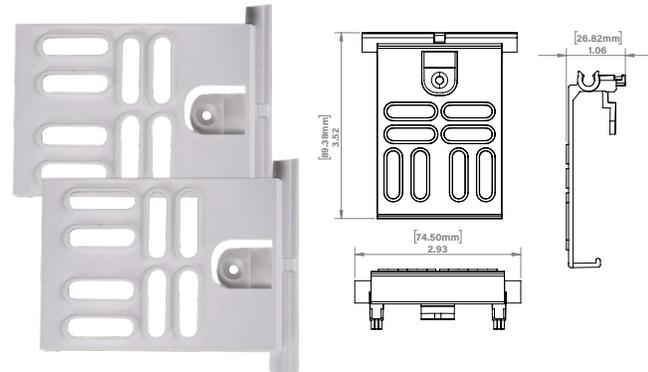

Part Number	Description
AC1051-RC-20	Forward Small Device Mounting Clamps (20 Pack)
AC1051-RCKH-4	Forward Combo Pack: Small Device Mounting Clamps & Keyhole Post Clips (4 Pack)

# ON-Q Enclosure Inside Mounting Accessories

## CABLE CHANNEL AC1052-CC

The Cable Management Channels are designed to neatly manage cabling within the ON-Q plastic enclosures. The cable management channels retain cabling to the slides of the enclosure without the need for velcro or cable ties.

- Supports up to 12 RG6 coax or category cables
- Integrated mounting hole pattern supports ratchet and keyhole posts for small device mounting
- When combined with the AC1050 bracket, the channels can be configured to provide an elevated 2nd layer mounting platform
- Includes 2 self tapping screws to secure to Plastic Enclosure

Part Number	Description
AC1051-CC-2	Plastic Enclosure Cable Channels (2 Pack)

*(Compatible with 20", 30", 42" Plastic Enclosures. Not compatible with Metal Enclosures)*

**Look familiar?** You may recognize the Forward Small Device Mounting Clamp, but this one is a little bit different. Our newest version, the red one, is designed specifically to mount on the ON-Q Mounting Bracket.

- Why the different color? Grip range, .06" vs. .09".
- The ON-Q Mounting bracket is made from Wi-Fi transparent plastic which is slightly thicker than Middle Atlantic's steel Lever Lock™ plates. To differentiate which Clamps go where, we used a different color.
