# Mounting Plate
Accessories

AC1040 | AC1050

On-Q mounting plate accessories (AC1040, AC1050) are constructed from durable, Wi-Fi transparent ABS Plastic and are designed to securely mount a variety of 3rd party devices into the On-Q Plastic Structured Wiring Enclosures. The mounting plates can be mounted vertically or horizontally and include (4) plungers and grommets along with velcro strapping for devices to be safely secured inside the enclosure without compromising wireless performance.

UNIVERSAL MOUNTING PLATE
AC1040

Screw holes are strategically placed throughout on a 1" square pattern and can be utilized for affixing devices like an ONU, Cable Splitter or Cable Amplifiers

Universal mounting holes accept 3rd party modules to maximize compatibility

Includes (4) plungers and grommets and 4 feet of velcro strapping

Compatible with both On-Q metal and plastic enclosures

5" MOUNTING PLATE WITH 1.5" OF ELEVATION
AC1050

Universal mounting pattern inspired by Middle Atlantic Products Lever Lock™ Series provides more strapping options to accommodate most small devices & facilitate cable management

Tool-free mounting in vertical or horizontal configurations

Elevated design allows for dual-layer and unobstructed mounting of antenna devices

Includes (4) plungers and grommets and 3 feet of hook & loop strapping

Compatible with On-Q plastic enclosures
